# We're having a 'Perfect Fit' Education and Open Day and you're invited!

**25th October 2011 10am - 2pm**  
**Park Farm Hotel, Norwich Road,  
Hethersett, Norfolk NR9 3DL**

Join us for a fascinating and educational day where you can hear about our latest products offering the 'perfect fit' for everybody. **Confidence® Natural**, for one-piece users, and **Harmony® Duo**, for two-piece users, both feature our unique five-sided **Flexift® wafer**, designed to fit your body's natural contours better than ever before.

We'll also be giving you the chance to find out more about our unique range of accessory products, which help to prevent the problem of leakage. Leaks are not only uncomfortable and embarrassing but they also affect the condition of your skin, making it red, raised, itchy and sore. From our revolutionary stoma collar, **Dermacol®**, to **SecuPlast® Mouldable Seals** and **SecuPlast® Hydro security strips**, we can help make leaks a thing of the past.

Please complete the form below. Then detach it and return in the enclosed Freepost envelope to:  
**FREEPOST RLUZ-XJBU-BZAH, Salts Healthcare,  
Richard Street, Aston, Birmingham, B7 4AA.**
