HELP YOUR PATIENTS TO BE WHAT THEY WANT TO BE

Our Confidence BE® range has been designed to help people living with a stoma to feel comfortable in their own skin, confident in their abilities and free to live life. Flat or convex, closed, drainable and urostomy, Confidence BE® has a range of products to suit every size, shape and stoma type.

BE FLEXIBLE

- Our unique patented Flexifit® wafer bends and flexes with movement. It is designed to help create an adaptable fit around the stoma, helping to reduce leaks and sore skin.

BE COMFORTABLE

- Wafer infused with extracts of Aloe Vera. We only use skin-friendly hydrocolloids, research into which is recognised by the British Skin Foundation, and dermatologically accredited by the Skin Health Alliance.
- Soft water repellent fabric.

BE DISCREET

- Our Active Chamber Filter System is designed to ensure that a gas path can always be maintained to help reduce ballooning.
- Confidence BE®'s low profile design and low-rustle fabric cover¹ have been developed to help your patient live their life to the fullest.
- Outlet tucks away and is securely fastened with premium VELCRO® hook and loop fastener material (*Drainable bags only*).

BE IN CONTROL

- We want Confidence BE® to be as easy as possible to use. That's why we introduced blue guided touchpoints, designed to help people with poor eyesight or dexterity empty and change their bag more easily.²

BE YOU

- Available in three colours – black, white and stone – it blends with clothing and gives your patient the option to match their bag to their outfit.

CONFIDENCE BE® SOFT CONVEX

For patients requiring convexity, our Confidence BE® bags are also available with a soft convex wafer. The adhesive displays a quicker tack and improved erosion resistance than our other hydrocolloids², enabling those patients to experience the same benefits with enhanced

security and comfort. Our Confidence BE® Soft Convex range also feature soft belt loops to give your patient the option to use an ostomy belt with their bag.

CONFIDENCE BE® UROSTOMY

Available in three colours – black, white and stone – Confidence BE® Urostomy has a range of features to support health and well-being. Its soft outlet and bung is designed to be comfortable without compromising ease of use, the outlet tucks away securely for added discretion and a detachable bung lanyard can be moved away from the flow of urine when draining.

BE FLEXIBLE

- Our unique patented Flexifit® wafer bends and flexes with movement. It is designed to help create an adaptable fit around the stoma to help reduce leaks and sore skin.

BE COMFORTABLE

- Wafer infused with extracts of Aloe Vera. Hydrocolloid has a urostomy specific formulation.
- Soft water repellent fabric.
- Soft bung.

BE DISCREET

- Sleek, low profile design – not like a medical device.
- Low rustle fabric cover.¹
- Outlet tucks away and is securely fastened with premium VELCRO® hook and loop fastener material.

BE IN CONTROL

- Belt loops (*Soft Convex only*).
- Blue, guided touchpoints may make the bag easier to see and use.²
- Flow control makes it easy to control the flow of urine.
- Rotating and detachable bung lanyard moves away from urine flow when draining.

BE YOU

- Choice of three colours, black, white and stone.

CONFIDENCE BE® NIGHT DRAINAGE BAG

The Confidence BE® Urostomy bag is designed to connect to the Night Drainage Bag easily, helping to support patients day and night. Recyclable cardboard packaging for the Night Drainage Bag discreetly turns into a nightstand.

Night Drainage Bag features:

BE IN CONTROL

- Innovative tubing contains a filament designed to maintain flow of urine, even if kinked and compressed.
- Integrated handle to easily transport the bag for emptying.
- Visual lock indicator shows when the tap is securely in the closed position.
- Blue, guided touchpoints may make the bag easier to see and use?
- 2,000ml capacity with markings to help check urine levels.

BE COMFORTABLE

- Soft and flexible for more comfort, the tube (1.2m) is designed to give more freedom of movement and maintain a secure connection.

BE YOU

- 100% PVC free for a more environmentally friendly Night Drainage Bag.

Night Drainage Stand features:

BE DISCREET

- Cardboard box converts into a discreet stand which obscures the contents of the Night Drainage Bag.
- Splash resistant coating makes the box more durable against liquid.

BE IN CONTROL

- Integrated handles for easy transportation.
- Drainage hole knockout can be used to empty the bag without removing it from the stand.

BE YOU

- Helps to reduce plastic waste from traditional night drainage stands.

HARMONY® DUO

WITH FLEXIFIT® AND ALOE

The unique five-sided Flexifit® wafer was developed to create the perfect fit, by bending and flexing with the body's natural contours to help reduce leaks and improve comfort. Both are infused with extracts of Aloe Vera to help soothe and protect the skin around the stoma.

SALTS ALOE RINGS

Salts Aloe Rings are skin-friendly, thin and flexible hydrocolloid rings infused with extracts of Aloe Vera.

SALTS ALOE RINGS

| INTERNAL DIAMETER | ORDER CODES | PACK SIZE |
|-------------------|-------------|-----------|
| 25mm | SAR25 | 30 |
| 32mm | SAR32 | 30 |
| 38mm | SAR38 | 30 |
| 45mm | SAR45 | 30 |

SALTS MOULDABLE SEALS WITH ALOE

Our extremely mouldable seals can help to prevent leaks that cause sore skin by moulding to the exact shape and size of the stoma. Salts Mouldable Seals with Aloe follow the contours of the abdomen to help create a customised, comfortable, leak-resistant seal. Infused with extracts of Aloe Vera, they can be broken, layered and rolled to fill skin dips and crevices and may help to extend wear-time.

SALTS MOULDABLE SEALS WITH ALOE

| 15mm–100mm | 3mm | SMSAL | 10 |

SALTS STOMA COLLAR

An innovative stoma collar that is secure, easy to apply and remove. By helping to prevent leakage around the stoma, the condition of peristomal skin may be improved. Salts Stoma Collar may also help to improve stoma bag wear-time.

SALTS SUPPORT WEAR

Available in black, white and nude, our ladies' briefs and unisex boxer are made from a two-way stretch fabric that allows the body to move freely, while ribbing on the front makes them less visible under clothing.

SALTS BARRIER FILM

Salts Barrier Film is specifically designed to leave a gentle, protective film on the skin immediately around the stoma. It can help to protect the skin against leakages and prevent sore skin due to frequent bag changes. Apply to clean skin and allow to dry before bag application. Available in a wipe or foam applicator.

SALTS FLANGE EXTENDER WITH ALOE

These thin, skin-friendly hydrocolloid strips are easy to apply and help secure the edges of the wafer, giving added security wherever it's needed. And, with added extracts of Aloe Vera, Salts Flange Extenders with Aloe may help to protect the delicate skin around the stoma.

SALTS ADHESIVE REMOVER

Salts Adhesive Remover effectively removes residue and refreshes, helping to leave skin clean and adhesive-free. Containing a non-sting formula with a natural peppermint fragrance, Salts Adhesive Remover helps to mask odour. Available in a spray or wipe.

SALTS NO-STING STOMA PASTE

Salts No-Sting Stoma Paste helps to provide an ideal surface for the bag to adhere to, by filling any dips or creases to help prevent leaks. And, as it's alcohol-free, Salts skin-friendly No-Sting Stoma Paste has none of the stinging associated with traditional pastes.

SALTS NIGHT DRAINAGE BAG

Salts Night Drainage Bag has a large 2,000ml capacity and a 1,200mm tube. And, with a swivel action and quick snap-on connection, Salts Night Drainage Bag is even easier to use.
