

At Salts Healthcare our fundamental purpose is to Care, Listen and Innovate to improve lives.

We recognise that achieving our purpose can only be realised through:

- Quality Excellence in the Design, Manufacture and Distribution of our Healthcare Products and Services.
- Measuring, Testing and Assuring Quality in every aspect of our business.
- Leadership creating a culture of continuous improvement across all areas of our strategy.
- Maintaining a world class Quality System that guarantees compliance with all Statutory and Regulatory Requirements.
- Realising the Potential of our People. We understand that the success of Salts = Potential of its People.
