

STOMA CARE PRODUCTS AND SOLUTIONS

A complete guide to our comprehensive range of colostomy, ileostomy, urostomy and accessory products

Recognising Salts research into healthy stoma skin

salts HEALTHCARE

PART OF THE FAMILY
OUR ACCREDITATIONS

Part of the **Family**

PART OF THE FAMILY

Founded in 1701, Salts Healthcare has delivered innovative medical and healthcare products and services for over 300 years. It is a family-led business, with two brothers Peter and Robert Salt, the tenth generation of the Salt family, at the helm.

Salts were the first company in the UK to manufacture the modern stoma bag, helped create the Ileostomy Association and the first to employ people with a stoma to help teach and support new ostomists.

In association with De Montfort University, our Salts Academy has been educating stoma care nurses for over a decade. And recently we opened the UK's first skin research clinic, which will help increase knowledge of the properties of skin, and to allow the development of innovative medical adhesives in the future.

Salts Healthcare's vision is **Caring, Listening and Innovating to Improve Lives**: something we incorporate into everything we do.

BRITISH SKIN FOUNDATION

Salts Healthcare has supported the British Skin Foundation (BSF) since 2003, and continues to do so. The BSF raises money to fund research into finding cures for skin disease and skin cancer. 60% of British people currently suffer from or have suffered with a skin disease at some point during their lifetime. Some skin conditions are manageable, others are severe enough to kill. The BSF is the UK's only charity dedicated to skin research, and it has supported more than 300 research projects and awarded £15 million in funding.

SKIN HEALTH ALLIANCE

Protecting skin. It's in our nature.

Our research into skin-friendly hydrocolloids is one of the reasons we've achieved recognition from the Skin Health Alliance (SHA). The SHA is the 'leading international skin health authority, working closely with dermatologists, researchers and skin scientists' around the globe. The SHA awards its dermatological accreditation mark to products and services where scientific and clinical research achieves, or surpasses, its stringent skin safety criteria. This accreditation puts Salts products among some of the leading skin-friendly brands in the world, such as Olay, Bio-Oil,® Neutrogena,® Carex, and Pampers.®

medilink®

SUPPORTING YOU EVERY STEP OF THE WAY

From the moment you find out about your operation to adjusting to life at home, Medilink® is here to support you every step of the way. As well as **reliable, free and discreet** delivery of all your stoma and/or continence products, you'll find a range of additional benefits to make life easier, because you deserve exceptional service.

4 EASY WAYS TO ORDER:

1. Online 24/7
2. By Freephone
3. By Email
4. By Post

REGISTER WITH MEDILINK® AND ENJOY ALL THESE BENEFITS:*

CARE

- Dispensing care centres nationwide
- Order and advice line open 6 days a week
- Language Support Service to help overcome any language barriers
- Community Stoma Nursing Service (England only)

CHOICE

- Dispensing **all** makes of prescription stoma/continence appliances
- Personal customised service
- Comprehensive range of complimenting items available

CONVENIENCE

- Delivery to suit you:
  - Alternative addresses
  - Times delivery slot notifications
- Repeat dispensing NHS prescriptions
- NHS Electronic Prescription Service (England only)
- Urgent supplies without prescription (upon GP authorisation)

*Not all companies offer all these options.

CONFIDENCE BE®

BE FLEXIBLE

- Our unique patented Flexifit® wafer bends and flexes with movement. It is designed to help create an adaptable fit around the stoma to help reduce leaks and sore skin.

BE COMFORTABLE

- Wafer infused with extracts of Aloe Vera. Hydrocolloid adhesive has the highest fluid absorption of all Salts wafers.[1]
- Soft water repellent fabric.

BE DISCREET

- Sleek, low profile design – not like a medical device.
- Low rustle fabric cover.[2]
- The filter is designed to ensure that a gas path can always be maintained to help reduce ballooning, and to help neutralise odour.
- Outlet tucks aways and is securely fastened with premium VELCRO® hook and loop fastener material *(Drainable bags only)*.

BE IN CONTROL

- Blue, guided touchpoints may make the bag easier to see and use.[3]

BE YOU

- Choice of three colours, black, white and stone.

CONFIDENCE BE®
NIGHT DRAINAGE BAG

Night Drainage Bag:

BE IN CONTROL

- Innovative tubing contains a filament designed to maintain flow of urine, even if kinked and compressed.
- Integrated handle to easily transport the bag for emptying.
- Visual lock indicator shows when the tap is securely in the closed position.
- Blue, guided touchpoints may make the bag easier to see and use.[3]
- 2,000ml capacity with markings to help check urine levels.

BE COMFORTABLE

- Soft and flexible for more comfort, the tube (1.2m) is designed to give more freedom of movement and maintain a secure connection.

BE YOU

- 100% PVC free for a more environmentally friendly Night Drainage Bag.

Night Drainage Stand:

BE DISCREET

- Cardboard box converts into a discreet stand which obscures the contents of the Night Drainage Bag.
- Splash resistant coating makes the box more durable against liquid.

BE IN CONTROL

- Integrated handles for easy transportation.
- Drainage hole knockout can be used to empty the bag without removing it from the stand.

BE YOU

- Helps to reduce plastic waste from traditional night drainage stands.

HARMONY® DUO
WITH FLEXIFIT® AND ALOE

- Our unique patented Flexifit® wafer bends and flexes with movement. It is designed to help create an adaptable fit around the stoma to help reduce leaks and sore skin.
- Wafer infused with extracts of Aloe Vera.
- Easy-to-apply stick-together system with locator which matches up with a notch on the bag for accurate positioning.
- Comfortable and durable beige cover with transparent overlap to help with viewing and positioning.
- We only use skin-friendly hydrocolloids, research into which is recognised by the British Skin Foundation, and dermatologically accredited by the Skin Health Alliance.

SALTS MOULDABLE SEALS WITH ALOE

- Mouldable seals do not require warming, and do not lose stickiness whilst being stretched and moulded to size.
- Help to prevent leaks that cause sore skin by moulding to the exact shape and size of your stoma.
- Following the contours of the abdomen, they help to create a customised, comfortable, leak-resistant seal.
- Help to extend wear-time.
- Stay firmly in place during movement.
- Can be broken, layered and rolled to fill skin dips and crevices.
- Remove easily from the body.
- Infused with extracts of Aloe Vera.
- We only use skin-friendly hydrocolloids, research into which is recognised by the British Skin Foundation, and dermatologically accredited by the Skin Health Alliance.

SALTS NO-STING STOMA PASTE

- Salts No-Sting Stoma Paste is to be applied around the stoma and appliance in order to provide leakage prevention.

SALTS NO-STING STOMA PASTE		
SIZE	**ORDER CODE**	**QUANTITY**
60g	NSP1	1

SALTS FLANGE EXTENDER WITH ALOE

- Skin-friendly hydrocolloid strips can be applied around the edges of the wafer, to help prevent the edges from lifting.
- 120-degree shape.
- Use 1–4 pieces as required.
- Infused with extracts of Aloe Vera.
- Easy to apply and comfortable on the skin, Salts Flange Extenders with Aloe help to increase the feeling of security around the edge of the wafer.
- We only use skin-friendly hydrocolloids, research into which is recognised by the British Skin Foundation, and dermatologically accredited by the Skin Health Alliance.
